## WE PUT THE 'EDGE' IN KNOWLEDGE

**Cutting edge business insights, interviews and analyses**

At Singapore Management University (SMU), we understand that business is more than just supply and demand. That is why we created the online knowledge portal Knowledge@SMU – to freely share business insights and analyses drawn from SMU's current business research, publications, reviews, and conference & seminar reports.

Knowledge@SMU is organised around 14 content categories covering SMU's core teaching areas

of accounting, business, economics, information systems, law and social sciences. A searchable database of related articles and extracts provides quick and easy access to users.

Log on to **[knowledge.smu.edu.sg](http://knowledge.smu.edu.sg)** to gain the edge in business.
