Tan Boen Eng

President, Institute of Certified Public Accountants of Singapore

There's never been a better time to pursue a career in the accounting profession. Market demand is especially upbeat today and career opportunities for accounting graduates are many and varied.

Update, expand your professional expertise or even switch careers with a Master of Professional Accounting (MPA) from the Singapore Management University.

It is also intended as a conversion course for non-accountants to join the accounting profession. Upon completion of this accredited programme, MPA graduates will be able to seek admission to the Institute of Certified Public Accountants of Singapore (ICPAS).

Admissions Criteria:

- Completed a recognised Bachelor degree
- Working experience of at least two years
