

The Entrepreneur of the Year Award 2008 Final Judging Panel of Judges

“I am delighted that for the 20th Entrepreneur of the Year Award, we have such an excellent group of Top Entrepreneurs from a wide range of industries. One of the strongest characteristics to surface is the resilience of the Top Entrepreneurs especially in the difficult times ahead. They all have the fire in their belly, strength of character and vision as they focused their energies on building the business and leading their people. Singapore should be proud to have such home-grown entrepreneurs. I congratulate all the Winners. With or without the Award, they are already Winners in my books.”
