MORNING RUN WITH A MISSION

Joggers made their way around Woodlands MRT station yesterday to spread the news of World Aids Day. The run was organised by Worldvision Singapore, which is staging an exhibition with the Health Promotion Board at the Woodlands Civic Centre. Called One Life Experience, it will tour for two months, sharing the life stories of people hit by Aids, including a Singaporean man, an orphan from Zambia and a Cambodian girl sold into the child sex trade.

World Aids Day activities

SEVERAL activities have been organised to mark World Aids Day today.
