SMU School of Law's exciting legal education has become a refreshing change in the tertiary landscape. It combines the distinctive SMU's holistic education of broad-based curriculum and interactive pedagogy, grounded in ethics and social responsibility with its own ‘hubs’ - a curriculum formulated and taught by leading academics and practitioners, a compulsory internship in a legal entity, pro bono legal aid work and community service, international student exchanges and a law study overseas. It values a new generation of legal eagles ready to take off and soar into the highest planes in current covering corporate and commercial laws, criminal law, family law, international law, shipping law and public law. Every major law firm has offered our graduates a training contract. It spans a volume of over 3000 graduates over the past 20 years. WELCOME TO SMU SCHOOL OF LAW. DISCOVER A DIFFERENT U.
